DESCRIPTION

A cotton T-shirt accentuating the female silhouette in a sophisticated modern cut; the neckline is finished with a reinforcing hem. The fabric is treated with a silicone layer that softens the surface, adds shine and extends the life of the product. The T-shirt has only a small size label sewn into the neckline and a label with material and maintenance information. The monochrome ZERO LABEL design and the combination of a men's cut with the identical design makes the T-shirt the ideal product for merchandise and creative creation of your own design.

LIMA® Collection meets health requirements and is **OEKO-TEX®Standard 100 certified, PG020 certificate 200752 OETI.**
